Hi Lori,
Here's the presentation...Short and sweet.

Heather.

Hi Heather,

Steve told me you will be making the presentation. You have about 20 minutes for the presentation + questions & answers. We will be utilizing the SmartBoard in the Hawaii DOT conference room for our PowerPoint presentations. If you email me your PPT file by 5/14, we can ensure that it will be loaded on the SmartBoard for use at the meeting.

Thanks
Lori

Steve,

The agenda for the May 16th TAC meeting is attached. Have you determined who will be making the presentation? I'll need to coordinate the PowerPoint with them.

Steve,

Is there someone else who could make the presentation? Friday morning seems to be the day (& time) when we can guarantee a quorum.

Steve,

Are you available on the morning of Friday, May 16 (~10:00)?

I'll ask to be kept informed and if there are dates/times to choose from, I'll let you know. That week works best for Steve Young (DPP) who will be making a presentation on the process he uses to break down demographic and employment estimates into TAZs. FYI, DBEDT will be presenting their 2035 forecast for Oahu at that meeting as well.

Thanks, Lori. That is tough week for me with a review panel in town on the Transit Project EIS, so the sooner I know the better.

Steve,

We are trying to schedule a TAC meeting for the TAZ presentation during the week of May 12. I'll keep you informed.

Subject: New TAZs

Steve,

Per our discussion, attached is a map showing the old & new TAZs.

Click on the "Layers" tab at the left of the screen to view the list of layers. Then click on the "eye" symbol next to "TAZs-New (pink)" multiple times to turn the layer off and on.
